PART II

**OBJECTIVES AND PRINCIPLES
PURSUED IN ACCORDANCE WITH ARTICLE 2, PARAGRAPH 1**

Article 7 – Objectives and principles

- 1 In respect of Armenian, within the territories in which Armenian is used and according to the situation of Armenian, Hungary shall base its policies, legislation and practice on the following objectives and principles:
 - a the recognition of Armenian as an expression of cultural wealth;
 - b the respect of the geographical area of Armenian in order to ensure that existing or new administrative divisions do not constitute an obstacle to the promotion of Armenian;
 - c the need for resolute action to promote Armenian in order to safeguard it;
 - d the facilitation and/or encouragement of the use of Armenian, in speech and writing, in public and private life;
 - e the maintenance and development of links, in the fields covered by this Charter, between groups using Armenian and other groups in the State employing a language used in identical or similar form, as well as the establishment of cultural relations with other groups in the State using different languages;
 - f the provision of appropriate forms and means for the teaching and study of Armenian at all appropriate stages;
 - g the provision of facilities enabling non-speakers of Armenian living in the area where it is used to learn it if they so desire;
 - h the promotion of study and research on Armenian at universities or equivalent institutions;
 - i the promotion of appropriate types of transnational exchanges, in the fields covered by this Charter, for Armenian used in identical or similar form in two or more States.
- 2 Hungary undertakes to eliminate, if it has not yet done so, any unjustified distinction, exclusion, restriction or preference relating to the use of Armenian and intended to discourage or endanger the maintenance or development of it. The adoption of special measures in favour of Armenian aimed at promoting equality between the users of Armenian and the rest of the population or which take due account of their specific conditions is not considered to be an act of discrimination against the users of more widely-used languages.
- 3 Hungary undertakes to promote, by appropriate measures, mutual understanding between all the linguistic groups of the country and in particular the inclusion of respect, understanding and tolerance in relation to Armenian among the objectives of education and training provided within the country and encouragement of the mass media to pursue the same objective.
- 4 In determining its policy with regard to Armenian, Hungary shall take into consideration the needs and wishes expressed by the groups which use Armenian. It is encouraged to establish bodies, if necessary, for the purpose of advising the authorities on all matters pertaining to Armenian.
- 5 Hungary undertakes to apply, *mutatis mutandis*, the principles listed in paragraphs 1 to 4 above to Armenian as a non-territorial language. However, as far as Armenian is concerned, the nature and scope of the measures to be taken to give effect to this Charter shall be determined in a flexible manner, bearing in mind the needs and wishes, and respecting the traditions and characteristics, of the groups which use Armenian.
