PART II

OBJECTIVES AND PRINCIPLES PURSUED IN ACCORDANCE WITH ARTICLE 2, PARAGRAPH 1

Article 7 – Objectives and principles

- 1 In respect of Tatar, within the territories in which Tatar is used and according to the situation of Tatar, Finland shall base its policies, legislation and practice on the following objectives and principles:
 - a the recognition of Tatar as an expression of cultural wealth;
 - b the respect of the geographical area of Tatar in order to ensure that existing or new administrative divisions do not constitute an obstacle to the promotion of Tatar;
 - c the need for resolute action to promote Tatar in order to safeguard it;
 - d the facilitation and/or encouragement of the use of Tatar, in speech and writing, in public and private life;
 - e the maintenance and development of links, in the fields covered by this Charter, between groups using Tatar and other groups in the State employing a language used in identical or similar form, as well as the establishment of cultural relations with other groups in the State using different languages;
 - f the provision of appropriate forms and means for the teaching and study of Tatar at all appropriate stages;
 - g the provision of facilities enabling non-speakers of Tatar living in the area where it is used to learn it if they so desire;
 - h the promotion of study and research on Tatar at universities or equivalent institutions;
 - i the promotion of appropriate types of transnational exchanges, in the fields covered by this Charter, for Tatar used in identical or similar form in two or more States.
- 2 Finland undertakes to eliminate, if it has not yet done so, any unjustified distinction, exclusion, restriction or preference relating to the use of Tatar and intended to discourage or endanger the maintenance or development of it. The adoption of special measures in favour of Tatar aimed at promoting equality between the users of Tatar and the rest of the population or which take due account of their specific conditions is not considered to be an act of discrimination against the users of more widely-used languages.
- 3 Finland undertakes to promote, by appropriate measures, mutual understanding between all the linguistic groups of the country and in particular the inclusion of respect, understanding and tolerance in relation to Tatar among the objectives of education and training provided within the country and encouragement of the mass media to pursue the same objective.
- 4 In determining its policy with regard to Tatar, Finland shall take into consideration the needs and wishes expressed by the groups which use Tatar. It is encouraged to establish bodies, if necessary, for the purpose of advising the authorities on all matters pertaining to Tatar.
- 5 Finland undertakes to apply, *mutatis mutandis*, the principles listed in paragraphs 1 to 4 above to Tatar as a non-territorial language. However, as far as Tatar is concerned, the nature and scope of the measures to be taken to give effect to this Charter shall be determined in a flexible manner, bearing in mind the needs and wishes, and respecting the traditions and characteristics, of the groups which use Tatar.
